***WE ARE HERE
TO HELP***

**We are the starting point for
connecting Robertson County residents
with the
resources, services, and programs
needed for themselves and
their households.**

State Benefits Application Assistance

Navigating the process of applying for Texas State benefits can sometimes be overwhelming. We can inform you of the needed documents and with you providing necessary information and documentation, we will assist in your application.

Benefits such as **SNAP** (formerly known as Food Stamps), **Medicaid, Medicare Savings Program, Medicaid for the Elderly and People with Disabilities,** and **TANF** (Temporary Assistance for Needy Families).

Case Management Services

When you become a client of the Community Resource Center of Robertson County (CRCRobCo), we will provide full **Case Management Services.**

Starting with an **Intake Assessment**, where we gather information and determine your needs. This may include those you did not come to the CRCRobCo to address initially.

After completing the **Intake Assessment**, your **Case Manager** will develop a plan of action and discuss it with you for input and acceptance. Once the plan of action is accepted by you, the **Case Manager** will assist with applications to community organizations that can be of assistance to you.

We will then provide **Service Coordination**, such as following up with community organizations, gathering and providing required documents, and communicating with you, as part of the **Case Management Services.**
