23	1	0	1
TOTAL	70	70	

March 3, 2026 Joint Primary Election

Notes:

The number of voters checked in matches the number of ballots counted at each location. The problem with the numbers not matching, comes from workers handing out the wrong precinct to voters – mainly because it happens at locations where they are used to only having their home precinct coming in to vote & get into the habit of handing out the same ballot to every voter.
